Dear Coach

Dear Coach
I have enjoyed being
under you in P.E. I
think you are a great
teacher. I wish
you lot of luck in coaching
may I ask to see you.
Jackie.

Dear Coach
I have greatly
enjoyed being under
your coaching to me, you
are the greatest coach in the
world. I had always heard of
your coaching at Brook. and wished
you would come here you did, and Jim
very glad. You have helped and taught
me how to play basketball. You've given something
but as you say, it was to help me, it did. I miss
you all the time in the world to a great coach.

Benny,

To one of the nicest, forgettable
guys I have ever in my life met.
I have never met any one that
I like so much. You've been
like a father to me. We've had
our ups and downs but I'd forgive
you and hope you would forgive me
no matter what. I sure did miss
being in your basketball but all the
coach,

I know you're the best coach in the
whole world or we wouldn't have won
district. I gained a great asset from your
coaching that I know will help me through
life, and I can always look back and
remember this great time that meant so
much to me

Coach,
I didn't think I was
going to find anywhere
to write, but finally I
did. Coach, I think
all the other kids have
just about said it all,
and I feel about the
same way as they all
do. You are definitely
the greatest coach and
the funnest guy in
the world. I just hope
one thing — that we
girls won't disappoint
you this year. If you
will stick by us and
not let us before the
season is over, we
will, or I know I
will, do our best
to make you glad
you're here and not
somewhere else. Lots
of love to you and
your family. I hope
we'll always be friends!

It has been a wonderful + exciting year. Next year will be even better - because it will be my Sr. year + I'm looking very forward to it. Coach, you have been just Great this year - putting up with me + trying to understand my problems. I think I've considered you as my great big brother because you always have a shoulder I can cry on. You'll never know how very, very much my basketball years have meant to me + I will always cherish the moments of victory + those of defeat. Coach, I never knew what real friends were until I started playing basketball - I don't mean just the fair-weather friends, but the ones who stick it out when the going gets tough. Yes, these years certainly have meant a lot. Maybe one of these days I can look back on my basketball memories + be able to tell my kids what a wonderful experience I've had. Although I won't be on that basketball court next fall - please believe me, my heart will be there wanting to share all those victories - especially when the teams go to STATE! Best of Luck - Always! Sincerely,

Coach,

It really has been fun this year. I may not have acted like it but I really did enjoy it. I hope there will be at least two more. But not exactly like this one. I missed the

You are very fortunate
to have such a lovely

great personality and

make you what you
are now. I just wish

Springtown High School
Springtown, Texas

Here in the '67 yearbook, we have tried to capture the memories of a wonderful school year.

This has been a year of work, dreams, and some disappointments, but this is what it takes to make a school year.

As you turn through the '67 yearbook in future years, we hope that in these pages you recall some of your fondest memories: The big game, the junior girl, the kooky freshman, and even the cranky teachers.

We hope that our endeavors to capture the highlights of the 1966-67 school year have not been in vain and that the book will become one of your most prized possessions.

PROPHECY CLASS

Randall Betty is the only professional football player who made his way in Round Ball.

Melba Bradshaw lost her job as private secretary to Mr. Hale before she got it because she was popping her gum in his ear.

Brenda Burleson got her drivers license revoked and is now going through the same routine that she went thru in 1967.

Ann Burney is majoring in "campusology" at T.C.U.

Dewayne Burney was elected head majorette of Texas Woman's University.

Martha Cherry is still trying to make a place for herself at the Grande 'Ole Opry.

Ricky Chesney is still driving his car to school and parking it across the street.

Maurine Christenberry and Terry Hampton are still making out pretty well in the hall and Mr. Belew isn't saying a word.

Lewis Field has finally perfected his cheating technique and doesn't get caught any more.

Dalton Fox has acquired the ability to play tennis with his partner, and by his partner's rules.

Michael Gilley has just taken up baton twirling lessons from Becky Stallings, but, of course, Becky is a very slow teacher.

Jack Hall has finally graduated from Tiddly Winks College.

Jessie Hall has just explored the chemistry lab in an experiment at "SHS" and this made him the first astronaut from Springtown to reach the moon.

Garry Hammond was voted the manager of the year.

Mike Harris has put out a news flash that he has just found an exclusive parking place.

Larry Hewitt is continuing his old ways of skipping school to "work."

Sandra Howell is still going to Mr. Belew's office for tardy slips.

Carol Hughes is trying to live down her name of "Funny."

Larry Hughes is the All Star Center of Weatherford College.

Harvie Hutchison is now coaching Mrs. Marrs in English III and IV.

Velma Jones is still doing her part in trying to change MISS to MRS.

Freda King is now running her "you name it and we've got it" for the lonely hearts of the navy.

Janie Lockhart is still writing JBK all over everything.

Janet Lockhart is still forging excuses at SHS.

Linda Rhoten is the top artist advertising for Fling Hosiery.

Robert Sorrels is still trying to save his money for a canary yellow Mustang with a black vinyl top.

Don Strickland is repainting his signs before each football game.

William Vess is playing for the Globe Trotters.

Judy Ward is reading Charlie Brown in the funny paper.

Ray Wright doesn't have to worry about speeding any more because of his good connections with the mayor.

Charlotte Young has just won the gold medal for the Shot Putt in 1978 Olympics.

Eugene Prevo Jr. thinks that he flunked all his college math courses because he made a low 99 on his final exams.

Freddy Williams just started an advertisement for Ipana Toothpaste.

Larry Henry has finally graduated as valedictorian of the class of 1977.

Nancy Nensley has just jumped off the Empire State Building trying to get a glimpse of the Beatles.

It has been my pleasure to see many students come and go through our junior high school. The purposes of our schools are to prepare students to live in our democratic society. What greater gift can we, as teachers, offer our country than to teach its youth? The sure foundation of our country is laid in knowledge, not ignorance. Our real object of education is to give children the resources that will endure as long as life endures.

Students, you have the opportunity to do something and to become somebody, and regardless of the occupation you choose there will always be room for one more successful life. Set your goal and work faithfully toward it.

Since good study habits are essential if a student has good grades, it is necessary to form and cultivate these habits during the first few years of school life. The first good study habit a child should learn is to follow directions. Work should be done promptly and neatly. It should never be put off. Complete attention should be given while explanations and assignments are being made. Remember that bad study habits can be easily formed and are very difficult to overcome.

Dear Ben,

Writing in this means more to me than anything, because I know you a great guy. You've helped me more than I can find words to thank you for. My high school career is the best part of my whole life thanks to you. You have stuck with me through a lot, taken a lot off me, ^{and} helped me so much. I want to thank you from the bottom of my heart for being so nice to me. I'm really looking forward to next year so I can play my ~~best~~ heart out for you and win district again. Again I want to thank you for being my best friend.

Your friend always,

Dennie

Coach,
I'm afraid that I don't know quite where to start to tell you all the things that I have to say to a wonderful guy like you. Coach, you have been such a great help to me, both as a better person and a better ball player. You are almost the nicest guy on earth. Shame only one person that I admire more, and that my own father. I hope I can help you win the 2nd Boys District winner of your life. I just put in words how much of a friend and the best coach I'll try as best as possible to be like the ball player that you have tried to make of me. Thanks so much.

Dear Coach,
 It's been a lot of

Dear Coach,
I've had lots of
fun playing Basket-
ball this year, especial-
ly. Even when we
lost all games, I
felt good to know that
I was part of the team.
You said that you liked
thank people. So, I'll be
thank. At times, I would
be so mad at you that I thought
I would almost burst unless I
told you so. But then I would
realize why I wasn't playing, &
I respected you for taking me
out when you thought I needed
to be. I think Basketball has taught
me to take disappointments along
with joy. I don't think there's a better
coach than you anywhere. (And I'm
not just saying that.) I hope I'll be
able to play B.B. next year but if I'm
not you can be sure I'll be up there
rooting for you & the team.

Love,
Evelyn

Dear Coach,

I guess we have had
our differences this
year but the test of
true friends is to be
able to get over their
little fights. I guess
you know I'll try my
best next year I hope
it's enough. Best of
Luck Always.

Dear Coach,

I'll always remember you as one of the best coaches I have ever or will ever know. You've been a real inspiration to me. After all the trouble I had trying to get you to stay, I'm leaving and you're staying. Little mix-up there!

I've talked to "you-know-who" about her basketball playing and think I may have made an impression. Let me know if I did.

I ~~know~~ think that this year will be the best of your life with me not here!

There's nothing I can say that will really express my feelings toward you. (at least nothing I can say here.) It really will be tough not playing basketball ~~no~~ ever again. I wish that was not true or ever ~~will be~~ would be.

I'll always remember you and if you try real hard you might ~~remb~~ remember me. So goodbye for now,

Love always
